

**the young artist studio** is an art studio for young art enthusiasts to appreciate and enjoy their creative exploration and expression of visual art.

The art programmes offered, aim to develop their interest in visual forms using various mediums and processes such as drawing and painting. The programmes will be conducted by art trained practitioners with teaching experience at art institutions.

### 1. **art for the young (1.5hrs x 8 sessions @ \$180)**

This programme is an 8-session structured series on drawing and painting. It allows the child to explore and learn to create various subject matters through different mediums.

### **Drawing and Painting (DP)**

This session nurtures the love for art and develops the child's ability to express ideas through creative visualization. The child will learn to observe and use shapes and forms, as well as blending of colours and textures with various colouring mediums and tools to visualize animals, plants, humans, objects and compositions.

### 2. **art discovery (1.5hrs per session @ \$30)**

This is a 1-session trial programme, which allows the child to develop key interest in drawing and painting, before enrolling in the art for the young programme.
